

E-Commerce Best Bay

Configure:

The screenshot shows the Jenkins configuration page for a job named 'E-Commerce Config'. The browser tabs include 'E-Commerce Config [Jenkins]', 'Zen Class', 'Continuous Integration (JAT15)', and 'Google Meet'. The address bar shows 'localhost:8080/job/E_Commerce/configure'. The breadcrumb navigation is 'Dashboard > E_Commerce > Configuration'. On the left, the 'Configure' sidebar has 'General' selected. The main area is titled 'General' and shows the job is 'Enabled'. The 'Description' field contains 'BestBuy Application'. Below it, the 'Plain text' section has a 'Preview' link and several unchecked checkboxes: 'Discard old builds', 'GitHub project', 'This project is parameterized', 'Throttle builds', and 'Execute concurrent builds if necessary'. At the bottom are 'Save' and 'Apply' buttons. The Windows taskbar at the bottom shows the search bar, taskbar icons, system tray, and date/time (17:15, 28-03-2024).

This screenshot shows the 'Source Code Management' tab of the Jenkins configuration page. The 'General' tab is still selected in the sidebar. In the 'Source Code Management' section, 'None' is unselected and 'Git' is selected. The 'Repositories' section contains a 'Repository URL' field with the value 'https://github.com/Divyjanburose/BestBuy.git'. The 'Credentials' dropdown menu is set to '- none -'. There is an '+ Add' button and an 'Advanced' dropdown. 'Save' and 'Apply' buttons are at the bottom. The Windows taskbar at the bottom shows the search bar, taskbar icons, system tray, and date/time (17:18, 28-03-2024).
